Good afternoon, Judith. I'm sketching out a draft agenda for our meeting with the Board on Wednesday to discuss Custodia. Do you want me to put you down for a Resolution discussion? Or do you prefer to hold off for now? Any other things you want to surface from the master account side?

I'm happy to raise that we are looking at this, and that coordination with the state is important. We won't have answers, but at least get on their radar.

Excellent...I'll add you to the list and include you on the group I plan to socialize the proposed agenda with in KC before sending to the Board.

Judith—wanted to let you know that I have a doctor appointment tomorrow morning at 10, and am planning to head down to the bank thereafter. I should arrive in time to join the Officer Meeting at 1:00, which I'm planning to take from my office due to COVID exposure protocol. Have a good evening and I'll catch you tomorrow!

Thanks, Jeff. Have a great evening!
